PCO29

PCO29 is a high clarity film designed for retail bag packaging. Offers unique combination of low seal initiation temperature and stiffness for maximum cycle speed on automatic wicketers. Strong seals make it a natural for whole produce bags.

Typical Properties *

<u>Property</u>	<u>Test Method</u>	<u>Typical Value</u>	<u>Unit</u>
Haze	ASTM D 1003	6	%
Gloss 45°	ASTM D 2457	74	-
Secant Modulus	ASTM D 882	42,000 MD 41,500 TD	psi
Dart Impact F 50	ASTM 1709 A	210	gm
Tensile Elongation	ASTM D 882		%
MD Yield		19	
Break		355	
TD Yield		16	
Break		720	
Coefficient of Friction untreated to untreated	ASTM D 1894	0.18	

* good faith estimates based on nominal 1.5 mil film @ 2.05 BUR
